

Learn more and get involved

Cedar LNG, led by the Haisla Nation, is proposing to build and operate a floating liquefied natural gas (FLNG) facility, on Haisla Nation-owned land on the Douglas Channel.

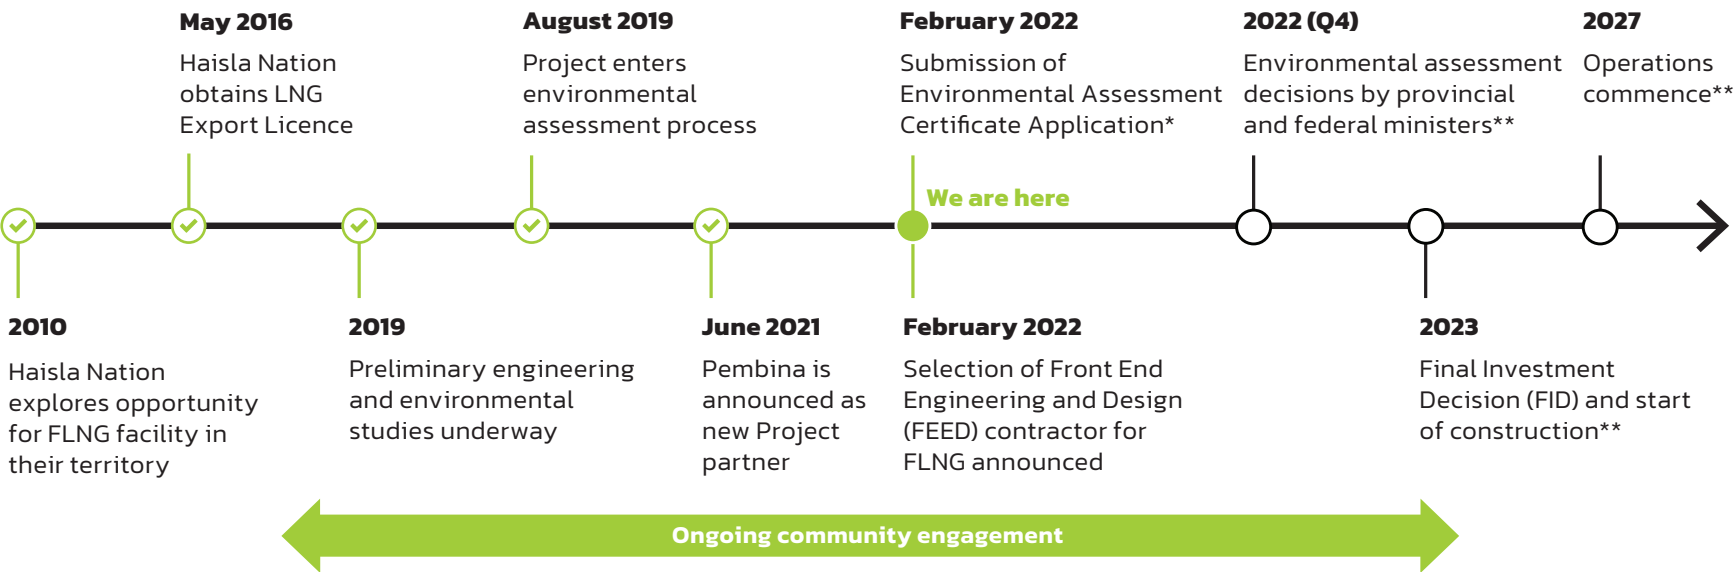

By using an innovative design philosophy that fits the facility into the local environment, Cedar LNG will minimize impacts to the environment while creating prosperity for the Haisla Nation and the region.

Project Key Features

- Owned and led by the Haisla Nation in partnership with Pembina
- Powered by clean, renewable energy from BC Hydro
- Floating design to minimize terrestrial effects
- Use of air cooling to minimize effects on water use and quality
- Location selected to avoid culturally important watercourse and sensitive habitats
- Innovative marine terminal design, with strut mooring system, to reduce effects to the marine environment
- Production of approx. 3 million tonnes per annum (mtpa)

Project Timeline

* Includes consultation (Public Comment Period and Information Session)
** Subject to change

Our Environmental Assessment

Cedar LNG recently submitted its application for an Environmental Assessment Certificate to the B.C. Environmental Assessment Office (EAO). This key project milestone comes following detailed studies, engineering and meaningful engagement with Indigenous Nations and local communities.

Our environmental assessment studied the potential effects of the project, on a number of land and marine based valued components and topics, including:

- Air Quality
 - Acoustics
 - Vegetation
 - Wildlife
 - Freshwater Fish
 - Marine Resources
 - Employment & Economy
- Land and Resource Use
 - Marine Use
 - Infrastructure and Services
 - Human Health
 - Heritage
 - Greenhouse Gas Emissions
 - Effects on Indigenous interests

Get Involved and provide your feedback

The B.C. EAO is hosting a 45-day public comment period from February 28 to April 14. As part of this comment period, you are invited to learn more and provide your feedback.

Activity	Details
Participate in an Information Session hosted by the EAO	March 16, 2022 5:30 p.m. to 7 p.m. (PDT) To join the Virtual Information Session, please visit: projects.eao.gov.bc.ca , click on 'List of Projects,' then search 'Cedar LNG.'
View the Application	Online: projects.eao.gov.bc.ca (Click on 'List of Projects,' and search 'Cedar LNG Project.')
	In person: Hardcopies are available for viewing at the Kitimat and Terrace Public Libraries
Learn more about Cedar LNG	Visit cedarlng.com to learn more about the Project
Submit your comments between February 28 and April 14	Online form: www.eao.gov.bc.ca Fax: 250-356-7477 Mail: PO Box 9426 St Prov Govt, Victoria, BC V8W 9V1

Project Benefits

The Project will create jobs, contracting and other economic opportunities for the Haisla people, the local community and Indigenous Nations, and the region.

More details will be available as the Project is developed.
