

Notice of Construction Noise

As Cedar LNG progresses with construction, we are committed to sharing updates about our activities with the community.

Current and upcoming activities taking place include construction of the transmission line, and the Frog Rock Substation, located at the Cedar LNG Marine Terminal.

When: All work will take place between 6:00 a.m. and 6:00 p.m. as follows:

- **Drilling and blasting:** July – August 2026
- **Helicopter work:** August – December 2026
- **Foundation Piling:** August – October 2026

Where: Cedar LNG Marine Terminal and Transmission Line right-of-way. See detailed map [here](#).

What: A variety of activities associated with construction of the transmission line and substation. While all work will comply with noise requirements, residents may notice an increase in noise at times. We apologize for any inconvenience this may cause and appreciate your understanding as we safely complete our work.

Community Feedback Program

Share feedback, receive answers to questions, and have concerns addressed in a timely way. You can reach out using the method that works best for you.
