

Construction Update: Road Improvements and Paving

As Cedar LNG progresses with construction, we are committed to sharing updates about our activities with the community. We are upgrading the intersection of Alcan Way and the Bish Forest Service Road and want to ensure the community is aware of the work taking place.

When: August 18 – 26, 2026. All work will take place between 6:00 a.m. and 6:00 p.m.

Where: Alcan Way at the Bish Forest Service Road

What: Upgrading the intersection through improved groundwork and drainage. New pavement will be installed at a portion of the intersection and approximately 60 metres up the Bish Forest Service Road. Traffic controls will be in place for the duration of the work – no road closures will be required. We apologize for any inconvenience this may cause and appreciate your understanding as we safely complete our work.

Community Feedback Program

Share feedback, receive answers to questions, and have concerns addressed in a timely way. You can reach out using the method that works best for you.
